# CALL FOR PAPERS

We are pleased and honored to invite you to participate in the fourth edition of the International Engineering Research Conference, EIRCON 2023, which will take place on November 29, 30 and December 1, 2023 and will be held in a virtual environment for the safety of our community and to provide an inclusive experience.

This conference is organized by the Engineering and Sustainability Research Center and Consulting Technology Information. It aims to promote experiences, concepts and advanced technologies that enable the development of technologies for the benefit of society.

### Publication and Indexing

All articles accepted and registered at EIRCON 2023 will be published directly in Q2 and Q3 journals indexed in SCOPUS:

### IMPORTANT DATES

Paper Submission Deadline (extended):

**September 15, 2023**

Notification of acceptance:

**November 01, 2023**

Author's registration deadline:

**November 15, 2023**

Oral presentations:

**November 29, 30, December 01**

### Topics of interest:

- Engineering
- Sustainability
- Education
- Health

### Submission

The conference invites research papers between 12 and 16 pages in length (including abstract and references) and written in English. Use IEEE citation style. Submitted contributions are subject to single-blind review, use your institutional email address. The format of the papers is based on online journals, which can be downloaded from: [Template](#).

Registration and submission link [HERE](#).
